Subject: P/19/00090 Land adj to and South of Rush Wall, Redwick

Hi Geraint,

Thank you for consulting me on this pre-application regarding the DNS at Rush Wall. The ecology survey scope has been discussed in detail at the EIA Scoping Stage and therefore I do not have any comments to add at this time. However, I would be happy to attend any meetings you have to discuss the ongoing survey work, if required. Please keep me up to date with any developments.

Kind regards,

Sali
